

LLOYD GEORGE ACTS ON ULSTER'S REPLY

Lord Lieutenant of Ireland
Called Into Conference
by Premier.

NORTH IS UNYIELDING

Will Sacrifice No Rights of
Their Parliament, Says
One Delegate.

PRESS IS STILL HOPEFUL

Chances for a Settlement Still
Regarded as Good in
London.

LONDON, Nov. 12 (Associated Press).—Prime Minister Lloyd George, Austen Chamberlain, Government leader in the House of Commons, and Lord Chancellor Birkenhead met this morning in Mr. Lloyd George's official residence in Downing Street to consider Ulster's reply to the Government's proposals for a settlement of the Irish question. Viscount Fitzalan, Lord Lieutenant and Governor-General of Ireland, was called in for consultation during the conference.

A full meeting of the British Cabinet has not yet been arranged.

The Ulster delegates, headed by Sir James Craig, have dispersed, but they are within call if their presence should be considered necessary. The Ulsterites are urging the Government to publish all the correspondence that has passed between the Government and the Ulster delegates, but it is believed the Government desires to await the meeting of the Conservative party in Liverpool next Thursday before making a further reply to Ulster, as a decision might be reached there as to whether the party will support the Government or Ulster.

Although one or two newspapers express grave disappointment at the Ulster Cabinet's rejection of the Government's plan for a settlement of the Irish question the London press this morning generally sees no reason to regard the situation as more serious or hope for a settlement as being lessened.

BELFAST, Nov. 12 (Associated Press).—John Milne Barbour, one of the Ulster delegates in London, who returned to Belfast this morning, assured the people here that the northern Cabinet was as determined as ever that if Sinn Féin's allegiance to Great Britain was to be purchased the "price should not consist of the sacrifice of any rights, territorial or administrative, recently conferred upon the northern Parliament."

"It is perfectly clear," he declared, "that if the position of the powers at present reserved to the Imperial Parliament are to be altered it can be done only by a transfer of similar powers to the northern Parliament. The expression 'dominion government' must always be construed in the light of Ulster's remaining a distinct unit in the free nations composing the British Empire. The only concession Ulster could make would be to accept dominion home rule for herself, but as a separate and distinct unit."

ENGLAND WATCHING FOR UNIONIST SPLIT

Conservatives May Follow
Andrew Bonar Law.

LONDON, Nov. 12.—Political interest in England centres on the annual conference of the Unionist party at Liverpool next week under the chairmanship of Lord Derby. Political correspondents have hinted at a split in the party, with the formation of an independent Conservative party under the leadership of Andrew Bonar Law, formerly Government leader in the House of Commons.

Much of the situation hinges on Bonar Law's attitude toward the Irish peace negotiations, in which he is represented as espousing Ulster's cause.

SWISS PAPERS FOR PARLEY.

One Regards Conference as Complement of League of Nations.

BERNE, Nov. 12.—The Washington conference "is a necessary complement to the League of Nations, and the many who were disappointed in the league now look hopefully toward Washington," declared Der Bund in an editorial today.

The Swiss newspapers were generally sympathetic in their comments today upon the opening of the conference.

JAPAN MAKES CUT IN YEAR'S EXPENSES

Both Army and Navy Appropriations Reduced.

TOKIO, Nov. 12 (Associated Press).—Japan's governmental budget for next year, as unofficially reported here today, carries a total expenditure estimate of 1,463,000,000 yen, being a decrease of 120,000,000 yen from last year's budget.

The naval estimate, said to have been decided by the budget council, carries a total of 33,662,577 yen, being a reduction of about 80,000,000 yen. The army estimates showed a reduction of about 19,000,000 yen, the total being approximately 273,000,000 yen.

A curtailment was shown in practically all the governmental departments, according to the unofficial reports.

TO JAIL A HAPSBURG TRYING A COMEBACK

Czecho-Slovakia Also Plans
Life Sentence for Throne
Intriguers.

Special Cable to THE NEW YORK HERALD.

VIENNA, Nov. 12.—Drastic measures are to be taken by the States of the "Little Entente" to prevent further attempts at a Hapsburg restoration. The Czecho-Slovak political parties intend to present a bill at the next session of the Chamber of Deputies in Prague threatening fifteen years at hard labor for any member of the Hapsburg family who enters the republic without special permission and punishing with a life

sentence a person who attempts to restore the monarchy or placing a member of the Hapsburg family at the head of the Czecho-Slovak State. At the same time a demand will be made for confiscation of the properties of all those who participated in the recent attempt to restore Charles to the throne.

The Hungarian Government intends to publish all the notes exchanged in connection with the recent attempt of Charles to regain the throne, so as to justify its policy before the Hungarian public. The publication will show that Hungary accommodated herself to the demand made by the Council of Ambassadors for a definite exclusion of the Hapsburgs from the throne and that the agreements reached bear the character of an international pact which cannot be altered without the consent of the Powers represented on the Council of Ambassadors.

The Entente Ministers at Prague called on Dr. Eduard Benes, Foreign Minister of Czecho-Slovakia, and through him informed the "Little Entente" in the name of the Council of Ambassadors that the latter regards the international pact to which Hungary consented as

more binding than any internal Hungarian law. This step, which is being undertaken in all the capitals of the "Little Entente," brings the Hungarian succession question to a formal conclusion. The Hungarian Government has submitted a bill to the National Assembly making propaganda for the Hapsburgs punishable by long prison terms and stating that propaganda may be carried on only for throne candidates who have the approval of the Council of Allied Ambassadors.

The Burgenland question is still engaging attention here. Hungary has consented to negotiate with Italy as mediator for a solution of the Burgenland problem and occupation of the contested zone by Austrian troops may be expected in a few days.

BLUEBEARD LANDRU TO PLEAD INSANITY

Lawyers Say He Thinks He Is
Most Famous Man.

VERSAILLES, Nov. 13 (Associated Press).—An attempt to establish that Henri Landru, the modern "Bluebeard," is insane will be made at his trial, now in progress in the Assizes Court here. Landru is charged with the murder of eleven persons, ten of them women whom he is said to have promised to marry. This decision was reached after a conference between Landru and his lawyers last night.

"It is my head that is at stake, so I will direct my own case," they quoted him as exclaiming. He was under the delusion, they said, that he was the most famous man on earth, and that the eyes of the whole world were fixed on him. The court this afternoon completed examination into the case of the three women and the boy whom Landru is

charged with having murdered at Verneuil. It then began hearing testimony regarding the seven women alleged to have disappeared from Gambais, Landru's home.

FIGHT TO PRESERVE WATERFRONT RIGHTS

Mrs. Bertha Faust of College Point is at the head of a movement which has been started by men and women of College Point to prevent the utilization of a considerable extent of the waterfront of Long Island Sound at that place by the Ripley Construction Company of this city. She will start tomorrow upon a house to house canvass to get supporters for her proposition.

Behind the protest also are many of the residents of the Sound Crest section of College Point, where there are many fine residences. Opposed also are the members of the United States Volunteer Life Saving Corps located at College Point.

Waterfront is now before the Newtown local board in Queens. It was held up at a meeting of that board held last Thursday upon the protest of Mrs. Faust. She was opposed at that time by the representatives of the Ripley company.
